

Making Fishing Nets

Scripture *He said, "Throw your net on the right side of the boat. There you will find some fish." When they did, they could not pull the net into the boat. There were too many fish in it. John 21:6*

Supplies sticks, string or yarn, items to test the strength

Use your imagination to create a net made of string and sticks.

1. Cut several strings to the length you want. The length of the string determines how big your net will be.
2. Tie the strings to one of the sticks and then tie them in the same order to another stick. Leave a small or large space between the strings based on what kind of items you want your net to hold.
3. Then take more cut strings and starting close to one of the sticks start tying the strings together. Going across, make a knot at each place the strings intersect from one side to the other.
4. Repeat with strings until you reach the other stick leaving space in between the strings. The spaces can be large or small depending on the size of the item you want the net to hold
5. Once your net is complete, test the strength by adding books, shoes, etc to see how many each can hold.
