NEW LIFE GLENSIDE

## Updated in-person policies

---

*→As an act of love, please verify your health before attending in-person services.*

PA's final mandates expired June 28. So what does this mean for New Life? In light of current PA guidelines, here are New Life's current policies:

**1) If you experience symptoms of COVID-19, we ask that you join us via livestream.** Despite the expiration of multiple mandates, we continue to offer a livestream for our 10:45am service – and plan to continue to do so – for those who are ill or otherwise unable to attend in-person on a given Sunday. If you are feeling well, we invite you to join us for a service!

*(Please note that during construction, our services will be held in the Fellowship Hall, with overflow space available if needed during our 10:45am service.)*

**2) Masks are optional for activities at New Life for all.** We still expect a mix of people during Sunday worship services, some wearing masks and others without masks. The elders continue to closely monitor conditions, and are pursuing increased ventilation, particularly in KidsLife classrooms.

**3) Social (physical) distancing is no longer in effect.** This means we are no longer requiring three empty seats between family groups.

**4) We ask that you still check in at the welcome desk inside the office entrance before going into the service.** While this is something we implemented for potential contact tracing, we are continuing to use this in place of attendance pads for now. Please try to arrive 10-15 minutes before the service, as checking everyone in takes some time.

*We will continue to livestream services for those who are not ready to return to in-person worship. Please register and “check in” at the top of right of [the livestream page](#) so we know you’re with us!*

Check out [the CDC page for Coronavirus symptoms](#) for more complete information and recommendations.
